

i-scrub 21B

Battery powered micro-scrubber

Compact, multi-purpose scrubber with maximum cleaning power and operator ergonomics.

Easy to use

Lightweight, ergonomic and easily controlled from the handle grip.

Long run time

Scrub for up to 2.5 hours at a time.

Onboard tank

Dispense cleaning solution right where you need it for accurate cleaning results.

Multi-surface cleaning

Includes soft & hard brushes, pad drives and microfibre pads for upholstery cleaning.

Dual brush head

Twin 400rpm brush heads provide higher mechanical power and effective cleaning for narrow gaps in tight areas.

Hand or pole mount

Complete with pole-mount for floors, or handheld version for walls and elevated areas.

Flexible head

The 360-degree adjustable head offers access to hard-to-reach areas; horizontal and vertical.
